ART JOURNAL WORKSHOP

With Terrie Shaw

You will be amazed and inspired with the multitude of benefits journaling will bring to your creative art journey. This workshop is for beginners to advance.

Terrie will help you discover your very own personal journal - style, layouts, designs and themes inside your journal and the outside cover.

Have fun exploring compositions, notans, value sketches, shadows, and good practice habits. We will take a close look at photo references, determine what has captivated our attention and zero in on the focal points.

There will be lots of special technique demos to get you started!
