

Art Society of Strathcona County

Palette Knife Painting: Landscapes and Florals

With **IZABELLA ORZELSKI**

Step into the world of artistic exploration. Whether you're a novice or an experienced painter, this workshop is designed to cater to all skill levels. Participants will unleash their creative potential by crafting stunning landscapes, seascapes or floral paintings, with the choice of oil or acrylic paints based on personal preference. The hallmark of this workshop is the innovative use of palette knives and brushes to apply paint in bold, expressive strokes, allowing each individual to infuse their own unique style into their creations. Over the course of the workshop, attendees will complete a minimum of two paintings, all while receiving personalized guidance to match their abilities. The emphasis here is on enjoyment, self-discovery, and nurturing the artist within. Join us for an enriching artistic journey where you'll not only create beautiful works of art but also uncover your true potential as an artist.
