

Sheila Schaetzle

Canadian Artist

Art has pushed me to grow, challenged me to learn and inspired me to paint. Art created today influences the projects of tomorrows. The creative process includes critical thinking about color theories and compositions. The joy is in exploring new ideas and working through the discovery. Working from memory keeps the mind and the heart engaged. I'm drawn to a place of calm as I paint and nature provides me with an endless amount of inspiration.

Sheila is a professional Artist living in Calgary, Alberta. She is an Art Instructor, an Elected Member with the Society of Canadian Artist (SCA) and The Federation of Canadian Artist, (FCA). Sheila has studied art for the past 25 years, studying all mediums now working primarily in Acrylics and water mediums. Her work has been accepted in juried exhibitions in Calgary, Toronto, Vancouver, New Brunswick and Newfoundland.
